## ***No Child Left Behind District Report Card ~ 2008***

### **Overview:**

We are pleased to enclose our District's Report Card which contains information required by the federal No Child Left Behind act. The report card contains important information about teacher qualifications, student achievement on the Maine Educational Assessment and Maine High School Assessment, and the progress we are making toward helping all students become proficient in English Language Arts, Mathematics and Science and Technology.

The source of information for this report is from the Maine Department of Education. The report does not show individual student performance. To protect student confidentiality, results or sub-totals for groups with fewer than 10 students are not shown and are represented by an asterisk. Asterisks can also represent no students tested within the data category. Percentages may not total 100% due to rounding.

### **The District Report Card Contains:**

- Overall student performance on tests categorized into subgroups, including gender, race and ethnicity, limited English proficiency, migrant status, disability status and economically disadvantaged
- Student graduation rates
- Teacher qualifications
- School and district AYP status and which schools have been identified as needing improvement
- A comparison of district, school and state student performance for adequate yearly progress
- For reportable tests and grades (3-8 and High School), data on overall student achievement over a two year period
- The percentage of students tested

### Part III: District Accountability

Part three indicates whether or not our district is on target to meet the goal of all students reaching proficiency in English language arts and mathematics by 2014, a fundamental goal of the federal No Child Left Behind Act (NCLB). In accordance with NCLB, schools that do not make sufficient progress toward this goal are identified for 'monitoring', 'improvement', 'corrective action', or 'restructuring'.
