

SCHOOL COMMITTEE MEMBER DEVELOPMENT OPPORTUNITIES

The School Committee is committed to the individual and collective seeking of good advice, reliable information and feasible solutions to problems.

On-going development and in-service education are critical aspects of the overall operation of a school system. It is recognized that the School Committee members of this school unit, like administrators, teachers and other school personnel, need to be well-informed and to stay current on education issues. Continually enhancing boardmanship skills is necessary to make each member the best that he/she can be.

Participation is encouraged in appropriate local, regional, state and national programs sponsored by the Maine School Boards Association, the Maine School Management Association, the National School Boards Association and other recognized leaders in education. This School Committee is committed to the further development of its members so that the greatest good can be rendered by them on behalf of the children in our schools. Adequate funds are to be budgeted annually to fulfill that important responsibility of school governance.

Reasonable expenses incurred by School Committee members when giving of their time to obtain in-service education shall be reimbursed in accordance with existing policy and budget allocations.

Members shall briefly report to the School Committee and the public at a meeting subsequent to a formal in-service experience.

Adopted: July 22, 1998
